RECENT EVENTS

The Power of Podcasts - January 22nd, 2026

The Professional Women in Building (PWB) Council is more than a professional network — it's a true community that supports its members both in their careers and in their personal passions. While we collaborate and grow together professionally, we also make time to celebrate one another outside of work. A recent example was when our members came together to support Luke Sasek of Cutco at one of his comedy shows. It was a wonderful evening filled with laughter, connection, and encouragement — a perfect reminder that PWB is about building meaningful relationships as much as it is about building successful careers. Moments like these reflect the spirit of PWB: showing up for one another, fostering genuine friendships, and creating a supportive environment where members feel valued both professionally and personally.

Supporting Futures Through Scholarship Fundraising

We believe that education should be accessible to all, regardless of financial circumstances. That's why we actively fundraise to provide scholarships for deserving students. Through our annual events, generous donor contributions, and sponsorships we raise the funds needed to help students achieve their academic goals. Every dollar donated goes directly toward empowering the next generation of leaders, thinkers, and changemakers.

The scholarship eligibility criteria and application are available in the link below.
